

Jacob Hobbs

432 E. Plantation Road | Virginia Beach, VA 23454 | (757) 287-1100 | jacobhobbs1100@gmail.com

EDUCATION

University of Virginia , College of Arts and Sciences, Charlottesville, VA <i>Bachelor of Arts in Computer Science and Women, Gender, and Sexuality Studies</i> Grade: 3.91/4.00 Minor: <i>Mathematics</i> Concentration: <i>Sexuality Studies (WGS)</i> Honors: <i>Echols Scholar, Lawn Resident (2024-25)</i>	May 2025
---	-----------------

SKILLS SUMMARY

Skilled & Personable Researcher and Software Developer

- Significant project experience with TypeScript/JS, React, Node.js, Java, Go, C#, SQL, PHP, Python, Terraform
- Also worked with: Elasticsearch, Datadog, Django, C++, TensorFlow Keras
- Substantial experience with public speaking, teaching, and peer-to-peer leadership

EXPERIENCE

CoStar Group — Washington, DC <i>Associate Software Engineering Intern (incoming)</i>	July 2025 – present
---	----------------------------

CoStar Group — Washington, DC <i>Software Engineering Intern (DevOps)</i> • Implemented and deployed an in-house Terraform provider, standardizing CoStar cloud resource management and allowing engineers to more efficiently access and manage metadata information • Used Go to make the provider, Terraform for testing/usage, and YAML + Azure for CI/CD pipelines • Worked on an Agile DevOps team and presented the provider to CoStar executives	June 2024 – August 2024
--	--------------------------------

CoStar Group — Richmond, VA <i>Software Engineering Intern</i> • Completed a Full Stack micro-frontend application for the Marketing Automation team, which was deployed to production and is still actively used by CoStar developers • Used TypeScript, React, Node.js, C#, and SQL along with services like Elasticsearch and Datadog to create a 'System Admin' dashboard, allowing developers to monitor and edit active contact enrollment processes • Worked on an Agile development team and presented my application to CoStar executives	June 2023 – August 2023
--	--------------------------------

University of Virginia — Charlottesville, VA <i>Head Teaching Assistant, Data Structures and Algorithms I</i> • Lead 50+ TAs and am the main point of contact for the (on average) 500 students enrolled in the course • Directly work with the instructor to create creative programming assignments and engaging lectures • Lead 2 hours of lab and 4 hours of office hours per week, along with TA planning sessions • Guest lectured 12+ times in lieu of the instructor	August 2022 – May 2025
--	-------------------------------

Freelance Website Manager — Charlottesville, VA • Meet weekly with John D'earth, head of UVA Jazz Performance, to maintain his personal website and offer various technological advice	January 2023 – May 2024
---	--------------------------------

RESEARCH

Undergraduate CS Distinguished Majors Thesis • Title: "<i>Theories of 'Sexuality' in Natural Language Processing Bias Research</i>" • Awarded <i>High Distinction</i> by faculty committee	August 2024 – May 2025
---	-------------------------------
